A LOVESICK MAN TAKES HIS OWN LIFE

Much excitement prevailed in Monessen Saturday afternoon about 4 o'clock in the neighborhood of Highland avenue, when the word went out that a man had committed suicide at his boarding house. The facts of the story as further developed was that a Hungarian named Alex Chuha, aged 32 years, had taken his own life in the attic or third story of his boarding house, and the body was found a few moments later by the landlord, who on going to the upper part of the building on some other pretext, came upon a body, and supposing the man was shamming, took it by the leg, giving it a pull, but getting no response, began to investigate and found the man was dead.

The police were notified and upon their arrival, a revolver was found beside the body and was smoking when picked up The mystery developed, however, when the body was examined and no mark could be found to indicate that the man had been shot.

Deputy Coroner H. W. Day was also notified and made an examination but failed then to find a wound or any signs of death by poisoning. It seems the man had two girls, both residing in Rankin, where he had been that day, returning about 10 a. m., and had said he was going back on the 1 o'clock train. One girl's name was Sabo Josefika, to whom it is said Chuha was to have been married in about six weeks, and the other young woman, with whom he is alleged to have been infatuated, was Lizzie Negy.

It seems that the man's mind was much effected by his plight, and seeing no other way out of the dilemna, he decided on the quickest and shortest. Notes were found which the man had written to his lodge, also to the man with whom he boarded, requesting that word be sent to his parents residing in the old country, also giving explicit directions for the funeral—requesting a flag, band and flowers. In one note he stated the intention of committing suicide, and as no wound could be found at the time, no blood, or no signs of poison, the only logical conclusion was that when he got to the critical point, he became so frightened that his heart became affected and death ensued. In other words, it was supposed that he actually died of fright, having fired the revolver in the air, and his imagination did the rest.

It further develops that the body was taken to Moore's undertaking rooms, and in preparing it for burial, it was found that the shot had been fired directly through the heart, by the man lifting his clothing and firing from the underside. Another strange feature was that not a bit of blood escaped from the wound. The funeral was held Sunday and the dead man's request followed as to flags, etc.

RISHEBERGER SELLS TO TYRONE MEN

Garman Bros., of Tyrone, Pa., have purchased the general store of W. I. Risheberger, on Donner avenue, and took charge Saturday. Mr. Risheberger will retire from business and will seek a new location. The new firm will be composed of Leo L., and J. S. Garman, two young and experienced business men. The local store will be in charge of J. S., as manager, and the store at Tyrone will be in charge of Leo L. The new firm enter the business held of Monessen after many years' experience in mercantile lines and they come here to succeed. Mr. Risheberger has been identified with the town since it started and is one of our most esteemed citizens. Some time ago he disposed of his home on McKee avenue to Dr. H. W. Day, and his retirement from business means that he will take a vacation, and in the meantime look around for a business location.

Hull, who is on an investigating committee appointed by council, and it is charged that Burgess Burley has failed to show returns for about $125.00 of his collections for a period extending from April 1st, 1911 to January 1st, 1912.

DYNAMITER GETS LIGHT SENTENCE

George Bridges, arrested on Christmas Day, with 24 pounds of dynamite in a suitcase, and a big role of fuse in his pocket, was sentenced by Judge L. W. Doty to pay a fine of $1.00, the costs of prosecution, and to serve one day in jail. Bridges was charged with the larceny of the dynamite by Superintendent McGrew, of the Henderson Coal company. He was suspected of plotting to blow up the works of the Henderson Coal company. He refused to make any confession, however.

PROPHESIES MAY SOMETIMES FAIL

The Monessen News has been keeping close track of one, Charles E. Federman who, it will be remembered, was somewhat of a prophet. Possibly not as good a one as the groundhog, but a prophet nevertheless. When the Daily Independent first started some ten years ago, Mr. Federman was the first to prophesy its downfall. He said it wouldn't pay, that the town wasn't old enough and far enough advanced for a daily, and that when it got along far enough, the Leader, then owned by John H. Trescher, or the News would be equal to the occasion. Since that prophesy, Mr. Federman has had many jobs. He has traveled much in search of something of a permanent nature; he has established several enterprises, but none of them seem to have worked out very successfully, and this week, it comes to light that he has embarked in the store business in Scranton, and it is hard to tell where he may be next

While the prophet is roaming about the country, the Daily Independent is still on the ground, doing business in a more advanced manner, as the years go by. This is the history of only one small man, who thought his knowledge upon all matters was fully matured.

MUSIC AND SONG FOR MONDAY NIGHT

Monday evening, there will be a musical treat at the E. G. Hays room, in the old Daily Independent building. Luke Barnette of Braddock, the Irish commedian will be there and will entertain the audience with comic songs. Mr. Barnett is one of the most popular commedians in this section of the country. The Watson sisters, late of London music hall, will also be present and will add to the popularity of the entertainment. There will be demonstrations on the Lester Interior Player by an expert, and all together the event will be one of the rarest treats in musical circles that has been here for some time. All this is free with the big demonstration of pianos. No one can afford to miss it, and it is all as free as the air you breathe. Don't forget, Monday evening at the Hays rooms, on Sixth street. Come in and bring a friend. 4-2t.

This is a special feature and is one of those Selig dramas that is sure to please.

U. S. GOVERNMENT APPROVES BUICK

On last Monday a model 38 Buick motor car was delivered to Col. Spencer Crosby of the department of war at Washington to be used by the inspector of buildings and grounds on his daily trips.

The government invited all the leading manufacturers of cars priced from $900 to $2,000 to submit a car in competition to a committee of expert mechanical men. These cars were driven to the designated place and the driver dismissed. The examination was then made with no representative of any of the cars present. Motor for motor, shaft for shaft, bolt for bolt the cars were compared, tested and appraised by the government experts. One by one the cars were eliminated until but one remained. It was the Buick. Of the 17 or 18 cars submitted the Buick alone stood the rigid test of quality and construction upon which the examination was based. This car was at once turned over to the government for immediate service 2091 5t

Local Girl is Married

Cards are being received in Monessen announcing the marriage of Miss Emma Stella Meager, to Mr. Charles Henry Williams, which event took place January 27, at Buckeye, Arizona. Miss Meager was a former teacher in the local public schools, but resigned here a year ago to join a party to take up the work in the west. The party left here, going to Tucson, where they were engaged as instructors in the public schools. The marriage of Miss Meager will come as a surprise to her many friends in Monessen and vicinity. The couple will reside in Buckeye, Arizona, the home of the groom.

Whistling Kettle.

A new whistling kettle has a long, narrow neck at the top, by which it is both filled and emptied This is covered by a cap the length of the neck, and at the top of this is a whistle which acts directly the kettle boils by reason of the steam passing through it

EVANGELISTS DRAW LARGE AUDIENCE

The opening of the Union Evangelisic Revival services in the Star theatre, Sunday, was most encouraging, as the house was crowded to the doors and many were compelled to stand in the foyer and in the aisles. The speakers and ministers of the various churches of the town occupied seats at the front of the stage, while a choir of sixty were seated in circles at the rear.

The opening prayer was offered by Rev. Hughes, of the Christian church, and Rev. MacDonald, of the Presbyterian church, made the announcements and introduced the speakers. The evangelists as we term them, prefer to be known as laymen, and their names are Messrs. Jack Spade, Pete Porter and Homer Welsh, all of New Castle. The two former are the ones who do the preaching and exhorting, while Mr. Welsh is the singer.

Last night was merely an opening or "a get acquainted" meeting, and the talks were along general or introductory lines. But, at the same time, they were brimful of interest. The men in pleasing form, outlined the work planned for the coming meetings, incidentally telling of where and how they became converted and enlisted in the evangelistic work. Messrs. Porter and Welsh were converted at the Billy Sunday meetings at New Castle, about two years ago, while Mr. Spade has been a christian worker fourteen years.

Everybody was pleased with the personality of each man, and the deep interest shown forecasts a great meeting during the week. The singing, under the leadership of Mr. Welsh, was full of vim and proved a most attractive feature of the meeting.

This evening the meeting will be held in the Baptist church, and in case of the attendance being beyond the capacity of the room, the doors of the Christian church will be thrown open for an overoflw meeting After this

There was a noticeable change in the political attitude of the Pittsburgh Dispatch Sunday, with regard to the national campaign. The Dispatch has been somewhat ruffled at the state and national Republican organization, but it is not at all probable that when the campaign is rightly on that it will be found on the "outside." The aspirations of Editor Rook, it is believed, will be appeased in the naming of the four congressmen at large. Honors sometimes are cast more for the benefit of the future than for past favors. At least it has hardly been the custom of successful parties to allow sympathy to control the very elements that lead to party success. Allegheny county being potent to the success of the Republican party in the state in November, it is up to the powers to ease up some of the sources that may work harm. It would seem a reasonable prophesy that Mr. Rook will be considered when the favored prize is to be awarded.

Just to prove what a Board of Trade can do for a town, we only have to cite as an example, the success crowning the efforts of the Greensburg Board in bringing to that town a branch of the Noelke Richards Iron Co., of Indianapolis, Ind., to take the place of the defunct and once was Brown-Ketchum iron works. In its successful work the board of trade there has already justified its institution by bringing to the town a business which in a short time will be the means of returning a hundred fold for the amount invested by the merchants and people in keeping it going.

It was, of coarse, necessary for the banks of Greensburg to get behind the Board of Trade and provide the financial sinews, and in turn the Board of Trade has done its part and justified itself to the satisfaction of all; and now, the banks, the people, and the merchants need have no doubt hereafter of what results will follow any undertaking vouchsafed by their board of trade. Monessen has as strong a board of trade as is to be found anywhere. It has accomplished good insofar as limited means would permit. Now, what is needed is a more thorough and substantial system of financing, greater confidence and trust imposed in it as a body. The stronger institutions should come forth as they did in Greensburg and furnish the required financial aid, and the future returns from the work done by the Board of Trade can be guaranteed to fully justify the trust imposed.

Prosecution of express companies for overcharging shippers on the transportation of their goods is one of the early moves to be made by the Interstate Commerce Commission. An investigation of one month's business of the Adams Express company, showed overcharges to the amount of $67,000. One of the express company's officials made the statement before the Commission's investigation that positive instructions were given to all employes to refund all discovered overcharges. It was discovered that on a given day, the Adams Express company transported beer at an average rate $8.61 a ton, and on the same day, according to the commission's investigators, small packages of merchandise yielded a revenue of $65.65 a ton; the transportation of packages of one hundred pounds or over, $23.45 a ton, and fruits, vegetables, oysters and perishable commodities, generally $13.20 a ton. In the examination of the Adams Express company, more than 3,000 overcharges were found in one day's business, and Commissioner Lane when approached with explanations and apologies, remarked: "We propose to prosecute the companies for making these overcharges. They are clearly violations of the law."

THEY INJURE CHILDREN

Cathartics and Pills and Harsh Physics May Cause Distressing Cnmplaints

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given. Ordinary pills, cathartics, and purgatives are too apt to do more harm than good. They somthimes cause griping, nausea, and distressing after-effects, and may actually injure the health, thus establishing a life-lasting annoyance.

We personally recommend and guarantee Rexall Orderlies as a safe and dependable remedy for constipation and associate bowel disorders. We have such faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies not only relieve constipation, but help to remove the cause of this ailment. They also frequently overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. There is really, in our opinion, no similar medicine so good as Rexall Orderlies for the purpose to which it is directed, especially for children, aged and delicate persons. They are prepared in tablet form and in two sizes of packages; 12 tablets, 10c., 36 tablets, 25c., and 30 tablets, 50c. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. Craig's Drug Store.

TWITCHING NERVES

Bangor Man Was Tortured —Could Not Sleep

It would be very hard for anyone to convince Mr. Samuel Bruch of Bangor, Pa., that he had not been wonderfully benefited by Vinol. He says: "Owing to weakness of the nerves, which were constantly paining me and twitching so that I could not sleep at night, I was weak and run-down. Hearing that Vinol was an excellent tonic and strength creator I commenced using it and immediately began to feel much better. My nerve trouble left me and I can now sleep better than I have for a long time.

"I can truthfully say that Vinol has done all for me that is claimed for it."

The reason Vinol did Mr. Bruch so much good is because it gave him new strength and built up his health in general, just as it does for all weak, nervous, rundown people—just as it will do for you if you are that way.

Vinol is sold on our positive guarantee that it must help you or you get your money back. Hirsch Drug Co. Monessen, Pa.

Women Avoid Operations

Going through the hospitals in our large cities, one is surprised to find such a large portion of the inmates women, and still further surprised to find that so many of the women are there to undergo operations for female ills.

Before submitting to a surgical operation which may mean death or a lifetime of impaired usefulness, every woman should try Lydia E. Pinkham's Vegetable Compound, as many grateful letters have been received by the Lydia E. Pinkham Medicine Co. of Lynn, Mass., from women who have been restored to health after having been told that a surgical operation was their only chance of recovery.

GIRL EMBEZZLES FROM POST OFFICE

Miss Ella Latimer, a former employe of the New Bethlehem, Pa., post office, and once assistant postmistress, under her father's administration, has admitted, it is said, to being responsible for a shortage in the office accounts to the amount of $6,800. In an interview with one of the young lady's girl friends, she spoke thusly:

"'El' was a mighty good fellow. She was very independent and kept her private affairs to herself, but she was good to her friends and to her family. She liked to dress well and she kept her three sisters and a brother well dressed. They lived on the best to be had and 'El' footed nearly all of the bills. When a friend needed assistance 'El' was there to give it."

In the Monessen Baptist church on Tuesday, Feb. 13, afternoon and evening, will be held a Missionary Conference by the Monongahela group of Baptist churches, which is composed of Belle Vernon, Charleroi, Monessen, Donora, Monongahela, Riverview, Library and Elizabeth. This will be a very interesting gathering of church workers and should be largely attended. A number of live, practical topics will be handled by able speakers.

Monessen has to Bow to the Unevitable — Scores of Endorsements Prove it

After reading the public statement of this fellow-sufferer given below, you must come to this conclusion: "A remedy which cured years ago, which has kept the kidneys in good health since, can be relied upon to perform the same work in other cases. Read this:

John H. Hixenbaugh, 108 Wood street, Belle Vernon, Pa., says: "I suffered from kidney trouble for three years. My back became lame and sore and it was necessary for me to give up my work. I finally learned of Doan's Kidney Pills and procuring a supply, I began their use The contents of four boxes effected a complete cure." (Statement given September 3, 1909.)

A LASTING EFFECT

On Nov. 12, 1909, Mr. Hixenbaugh, said: "I do not hesitate to confirm the statement I gave for publication in favor of Doan's Kidney Pills two years ago. The cure they effected in my case was practically permanent, but I have used Doan's Kidney Pills on several occasions since then, finding that they keep my kidneys in good working order."

DONORA MILL MAN DIES VERY SUDDENLY

F. B. Haynes, superintendent of the American Steel and Wire company's plant at Donora, died Saturday evening, at 8:05 in the mill hospital, his death having been very sudden. He ate his noon lunch in apparent good health, and was discussing some matters of interest about the mill with his foreman when he fainted and became semi-unconscious. He was taken to the mill hospital and everything possible done in a medical way to no avail. The body was prepared for burial at Rabe's undertaking rooms and later removed to the home on Highland avenue. Services were held yesterday afternoon and the body sent to the old home at Weston, Vt., for burial. Deceased was 53 years of age and had been in charge of the Donora mills for two years.
